[redacted] Jay Sourwine, Senate Internal Security Subcommittee staff, called and said that as we know the Subcommittee had been interested in the Cuban situation from the outset and is still most interested.

Sourwine also indicated that he had received a letter from Jules DuBois, a Latin American correspondent and a member of the Freedom of the Press Committee, suggesting that the Subcommittee's publication "Communist Penetration and Exploitation in the Free Press" be printed in Spanish and distributed in Latin America. Sourwine recalled that the only time a Senator document has been printed in a foreign language was Mr. Helms' testimony on Communist Forgeries. He said he would be interested in our reaction to DuBois' suggestion adding that the Subcommittee would do everything it could in this direction if such action was feasible. We are discussing this with WH Division.
